Raymond Recorder

VOLUME 38 — FRIDAY OCTOBER 26 1945 — NUMBER 26

Beet Harvest Continues--- Big Pay November 6th

The end of the present week will see the beet harvest nearing its close, and the largest tonnage ever garnered, estimated by officials at 365,000 tons will have been delivered to the two factories and to storage piles throughout the beet growing area. Beets are in fine shape and the frosty weather is adding regularly to the sugar content. With the coal miners holidaying, plenty of cars were available, and yards at both factories were more than full of car beets waiting for unloading over the wet hopper. The old saying proved true. "There's never a loss without some gain."

Beets delivered up to October 20 will be paid for on November 6th, in what is expected to be the biggest pay ever made, totalling around $2,500,000, divided between 1,371 growers throughout the beet growing area.

Both factories are making good runs, slicing averaging a little over 3,000 tons per day for both mills, and after the usual adjustments following start up, the mills are steadying down to good operation with a high grade of sugar. On Wednesday, the local plant had a perfect day when their performance rating was 100, and in appreciation of this the management provided apples and oranges for the entire factory crew.

Victory Loan Broadcast

Raymond was on the air from Lethbridge at 10:00 last Sunday evening in a Victory Loan Broadcast. Lee Brewerton, Public Relations Chairman was Master of Ceremonies, and also made a brief speech in support of the Loan. F.R. Taylor and his Male Quartette, a Ladies Trio directed by Mrs Genevieve Hawkins, a duett, ladies, and a vocal solo by Jas. McLean made up the program, which was tuned in as part of the Victory Loan Rally in the Capitol and which came in very good indeed according to those who attended.

At 9:15 p.m. in the Capitol a Rally was held which featured motion pictures, and short talks by Jas. H Walker, Unit Organizer and other committee members. During this time the Lethbridge broadcast was tuned in and listened to by the large audience attending.

T. Melvin Ririe of Magrath, passed away there last Friday after a lengthy illness. His funeral was held on Sunday. He was a son of J B. Ririe and a brother of J. A. Elmer and Horace.

MINERS NEEDED

Winnipeg, Man.. Canadians may face a serious coal shortage this coming winter unless sufficient help can be obtained to keep the mines in full operation, Fred J. White, Regional Superintendent, Unemployment Insurance Commission, Winnipeg, warned today.

"Hundreds of workers, skilled and unskilled, are needed in all coal mines throughout the Region. The shortage is particularly acute in the mines in Alberta," he said.

The National Employment Service of the Unemployment Insurance Commission is conducting an extensive campaign to meet these shortages, and has issued a special appeal to all farmers and farm workers who can be spared from their farm activities to accept employment in the coal mines during the winter months. Applicants should apply to their nearest office of the National Employment Service and, if accepted, they will be furnished with free transportation from the office to the place of employment.

NEWS NOTES

Eggs made another advance recently, A large being quoted at 42c. to the producer in the Lethbridge Herald, this week.

The high wind Tuesday night disrupted light service for awhile, the lights falling three or four times for short intervals, and then going off completely for twenty minutes or so.

* * * *

What looked like our first snow of the winter started early Thursday morning, but stopped about noon and the snow melted in just a few minutes.

* * *

Home missionaries were on all of the Wards in the Stake Sunday evening last on their regular appointments and interesting meetings were held.

Ray Atwood, who has been with the Royal Canadian Ordnance Corps for to past three and a half years with two years service overseas arrived home last week with his wife and family. He has a thirty day leave and then expects to report back to Calgary for his discharge.

MINERS BACK TO WORK

Good news was broadcast Monday morning when it was announced that coal miners in Alberta and B.C. were returning to work. After a month's holiday in protest of meat rationing the miners are at work again, having partly won their requests, even if not wholly.

It is nice to have them at work again. This is the season of the year when in Alberta a stormy spell may mean a few hours, or again it may mean a few days, or it has been known to mean a few weeks. Empty coal bins, or nearly empty ones at this time of year are no joke. Our Indian summer may last till Xmas, and again it may end any day. We all like to have full bins and hope we won't have to dip too heavily in to them. We don't mind empty bins in summer, but this late in the fall, we even shiver to think about it.

We have not heard of any suffering, nor of but one or two families completely out, but it is reassuring to have the miners working again and to feel that in a matter of a few weeks we can get a load of coal when ever we want it.

Victory Loan Under Way

Raymond's 9th Victory Loan got under way Monday morning, and while no staggering amounts have been reported as yet, at noon on Monday $63,000 had been reported, which is pretty good for a start.

Pincher Creek and district went over the top again with the opening hour of the Loan. This has become a regular habit with Pincher and her increased quota of $460,000 seemed to make no difference to the Committee who went out and got their quota before the loan opened.

It is reported that this will be Canada's last Victory Loan. That being the case, Canadians should buy to the limit. Only 5 p.c. of the purchase need be paid in Cash, the balance spread out over an entire year. These bonds are as negotiable as cash, and the best security you can have. They must be good, safe and sure, or we cannot conceive insurance companies, railway companies and brokerage companies investing in them as they do. One of the first announcements Monday was that the London Life had purchased twenty two and a half millions when the Loan opened.

We claim no financial ability or acumen, but we believe every Canadian would be well advised to buy all they can buy in Victory Bonds. We can still invest in the Best. We can still help the Government in the great task of demobilization and rehabilitation. We can still help in maintaining a healthy balance between production and consumption, and when we help in keeping full pantries and stomachs we are helping build a Better Canada. Don't put the Victory Loan salesman off.

All We Can Do Will Not Be Too Much

Another Victory Loan is under way, and with the rest of Canada our district is responding in a satisfactory manner, though possibly we could do more.

We are a little humiliated and chagrined when we hear people argue against Victory Loan Bonds. When people get the feeling that they are making a sacrifice when they invest in Victory Bonds, we wonder if their thinking is as straight as it should be. What has Victory cost you to date. You who have stayed at home, and have shared in the prosperity that has been maintained during the past few years. You have received good prices for all you have had to sell. If you worked you received excellent wages for your labor. At the same time our War Time Price Controls has done an excellent job of keeping prices well within reasonable limits so that living has not risen anywhere near the same percentage as prices for products and labor. Those of us at home have all shared in the benefits of all these things, and to most of us, the war while it has been real enough has not hurt us at all. In fact, financially, we are all better off because of it. Then why the hesitation and the growling and grumbling over buying Victory Bonds. If we have not the money that is different.

If you think you are sacrificing when you buy Bonds. Did these boys ever count the cost whe nthey faced death day after day to keep the world free for democracy and the better way of life? Do you suppose they liked the mud and muck of Sicily and Ortona and the field rations they lived on for so long? When you tell mean about investing in Bonds, think of some of these boys and the price they have paid and will continue to pay, some of them as long as they live.

Lets Do It Again

Raymond and district, with a fine record of performance behind it in previous campaigns, is organized fully for the Ninth Victory Loan campaign which got under way on Monday, October 22.

Raymond's quota in the current drive has been set at $275,000 and although this is a substantial amount, unit organizers and salesmen are confident that the district will attain its objective before the end of the campaign.

Although the quota allocated to this district represents but a small amount of the $51,000,000 that Alberta has been asked to raise during the current Victory Loan campaign, nevertheless the bonds which will be purchased in this district will be of direct assistance in aiding the province to obtain its quota.

The local Victory loan campaign organization is alert to the important part that this district is being called upon to play in the province wide campaign, and for this reason they are calling upon everyone, townspeople and farmers alike to help the district go over the top.

The budget for the fiscal year tabled in the House of Commons last Friday indicated that the government is alive to the necessity of returning to peace time administration. Personal income tax has been cut by 16 per cent and a new income tax deal for farmers and ranchers appears to be in the offing.

Let the residents of this district do their share. Let us all buy bonds and aid the government in financing its rehabilitation program.

This district has chalked up an enviable record in previous loans. Let's show the rest of Alberta that we can do it again and sign our name to Victory.

At Rotary on Monday Pres. T. Geo. Wood spoke briefly on his recent trip to Utah where he was in attendance at Conference. He mentioned particularly agricultural conditions and the problems facing the Idaho potato growers so far as markets for their No. 2 spuds go.

Clothing Drive Continues Until November 1st.

Clothing Collection depots will be open and clothing donations for the suffering of Europe may be continued until the end of October. This was the word given out Monday by the local committee in charge of the drive.

There has been a request by many with clothing to give, who had passed up the date without getting it ready, that the depots will continue to fuaction until November 1st. When the last shipment was despatched from the present drive 7,337 lbs. of good, wearable clothing had been collected. This is certainly very praisoworthy on the part of citizens of Raymond and district. Now folks, those who may not have had time before, take an hour right now and get your outfits together so that our total shipments of the first of November will really be representative of the district. When these winter winds blow and you put on an extra sweater or top coat, think how millions in Europe are going to feel when that same wind blows and they have no extra clothing to put on.

WHAT CAN YOU SPARE THAT THEY CAN WEAR?

SAYS SOUTHERN DAM PROJECT TO STORT IN SPRING

Elmoaton, Oct. 22.— Agriculture Minister B. Bruce MacMillan said today on his return from Ottawa that construction of a dam in the Lethbridge Southeastern Irrigation project will be started by the federal government next spring.

The proposed 180 foot dam will take from one and a half to two years to build but will open a wide area for suitable veterans' settlement, he said. The district affected by construction of the dam is north east of Cardston, near the provincial and international boundaries. Cost of the project was not announced.

—Lethbridge Herald.

Our neighboring town of Magrath went over the top in its Vtory Loan drive on Tuesday. Congratulations, Magrath.

Vidkun Quisling, a man whose name is a synonym for traitorous action died before a firing squad in Oslo, Norway before dawn on Wednesday. Absolute secrecy surrounded the execution.

SYMPHONY "POPS"

SIR ERNEST MacMILLAN rehearses the Toronto Symphony Orchestra for the opening of the 24-weeks series of Toronto Symphony "Pops" to be broadcast from Massey Hall during the fall and winter. The first "Pos" Concert will be presented Friday, October 26, over the Trans-Canada network of the CBC, at 7:00 p.m. CST.

LIEUT WILLIS TAYLOR SELECTED

Honor came to Lieut. Willis Taylor, son of Mr. and Mrs. Frank Taylor recently, when he was selected to go to Washington, D C. for a month on a special assignamment in connection with the interior management of Military Hospitals.

Lieut. Taylor has been at the big Bushnell Military Hospital at Brigham City, Utah, since last March assisting in the work there. Some time ago the government asked for papers on the interior management of military hospitals. The idea was to streamline the administration and service in these institutions so that there would be no unnecessary delays in the treatment and recovery of patients. Many papers were sent in from Medical Officers all over th nation, and of the many submitted the ideas and theories contained in Lieut. Taylor's were of such a nature that he was asked to come to Washington for a month to further discuss his suggestions with military commandants and directors of hospital service.

His parents are justly proud of his accomplishments and we heartily join in congratulations. Since his enlistment Willis has been in a number of large camps, at different assignments, and has always given a good account of himself in all his work, as he has done in this instance.

VICTORY BOND REPORT

Ottawa October 25th—At close of third day ninth victory loan sales totaled $232,274,650 against $203,170,900 at same period in eighth loan. Third day sales Wednesday (were $69,61',800 compared with $60,328,150.)

National War Finance Committee

Meso Fromm was a Lethbridge visitor in Lethbridge on Monday.

GUNNYSACK OF SILVER BUYS $1600 IN BONDS

Lethbridge Victory Loan Tuesday received a pleasant shock when a farm woman of the district drove up in a Bain wagon and dumped a gunnysack of silver onto the counter at loan headquartors.

When it was counted there was exactly $1,600 in the sack all in 50-cent pieces, quarters, dimes and nickles and represented the farm woman's savings from the sale of eggs and milk.

Now she is the proud owner of $1,600 worth of Victory Bonds.

T. B QUESTIONS AND ANSWERS

Q. What is meant by reinfection?

A. The first or primary infection having been overcome or healed, a seccond or subsequent infection has taken place.

Q. What is the origin of reinfection?

A. These infections may take place from a dormant first infection in the lungs or lymph nodes, called endogenous. Or the infection may come from without the body, i.e., from some other tuberculous person. The latter is called exogenous infection.

A Message TO FARMERS from a Farmer

H. H. Hannam is President and Managing Director of the Canadian Federation of Agriculture. In a message addressed to farmers, Mr. Hannam says:

"The farmer who is wise will look ahead and plan carefully.

"And in these years when prices and returns are more satisfactory than they have been, when labor is scarce, when farm machinery is restricted, when building materials are not readily available, a good course to follow would be that of putting a substantial share of the year's earnings into sound securities such as Victory Bonds. These reserves will not only provide a measure of insurance against difficulties in less favorable years, but at such time when supplies are favorable and costs will probably be lower, their purchasing power will be greater and return from them correspondingly increased.

"We believe this is good planning from the farmer's standpoint. At the same time, it is the very best of planning from the standpoint of the Nation."

FARMERS CAN BUY VICTORY BONDS

on convenient deferred payments

THROUGH ANY BANK

. . . just sign a short form letter which Victory Loan Salesmen carry (banks have copies) ordering the bank to buy Victory Bonds for you. Pay 5% when ordering and the balance at any time during the next 12 months. The interest the bonds earn pays the interest on the bank loan.
